agent may act: generate evidence, perform checks
1
Draft against stated Acceptance Criteria
2
Verify the draft against the criteria
3
Identify specific defects
4
Correct only the identified defects
5
Re-verify
draft against
verify against
defects remain
criteria satisfied
criteria flawed: escalate to the human
human authority
Accept & freeze
human for high-stability, high-stakes work; delegated inside accepted bounds otherwise
Acceptance Criteria
revised by the human only
